

Magenta Theme Test

PDF Enhancement Testing Week 04
मैजेंटा थीम परीक्षण

REPORT SUBJECT / CLIENT INFO

Test Name:	Week 04...	Date:	2026-09-06
Language:	English + Hindi	Status:	Enhanced Layout

Enhancement Overview

वृद्धिअवलोकन

This PDF tests the Week 04 enhancements for Vedic Rajkumar.

- ' Added Devanagari font support infrastructure
- ' Fixed layout collision issues
- ' Improved visual spacing and margins
- ' Enhanced Ganesh header design
- ' Better footer text wrapping

The layout improvements include increased margins, better line spacing, and dynamic column widths.

This tests longer text content to ensure proper wrapping and no overlap issues.

Additional test content to verify page breaks and multi-page rendering work correctly.

Font Support

फॉन्ट समर्थन

Devanagari font support has been added with fallback sanitization.

When fonts are not embedded, text is safely converted to Latin-1 characters.

Full font embedding requires TTF format files for jsPDF compatibility.

Hindi text rendering test:

संस्कृत टेक्स्ट रेंडरिंग परीक्षण।

Layout Testing

लेआउट परीक्षण

Testing long content to ensure proper page breaks and spacing.

This section contains multiple lines of text to test layout handling.

Line 3 of the layout test content.

Line 4 continues the layout verification.

Line 5 ensures we have enough content for multi-page testing.

Final line of the layout test section.

Test Table

परीक्षण तालिका

Feature	Status	Impact	Notes
