## Enhancement Overview

वृद्धि अवलोकन

This PDF tests the Week 04 enhancements for Vedic Rajkumar.

- ' Added Devanagari font support infrastructure
- ' Fixed layout collision issues
- ' Improved visual spacing and margins
- ' Enhanced Ganesh header design
- ' Better footer text wrapping

The layout improvements include increased margins, better line spacing, and dynamic column widths.

This tests longer text content to ensure proper wrapping and no overlap issues.

Additional test content to verify page breaks and multi-page rendering work correctly.

## Font Support

फॉन्ट समर्थन

Devanagari font support has been added with fallback sanitization.

When fonts are not embedded, text is safely converted to Latin-1 characters.

Full font embedding requires TTF format files for jsPDF compatibility.
